## American Legion Fund Raiser Halloween Car Show

This was our 2<sup>nd</sup> annual car show to raise funds to rebuild the American Legion Post 79. Sometimes it seems that all we do is ask our members and business people in our community for donations. Unfortunately it takes money to do the projects we get involved with. After several years of raising funds to rebuild the Evergreen Cemetery, we found another project that was in bad need of our help. The American Legion is where we have our monthly dinner meetings and the hall was in pretty bad shape. After last year's show, Dave Bertino, who has been heading up this project and working his butt off for the place, got a lot accomplished. He was honored by the American Legion as Man Of The Year.

## Old Farts Ride of the Issue

### Car of the Issue

This is Ray Carr's 1940 Studebaker Champion Business Type Coupe. Ray bought the car after he retired in the fall of 1990. This was his first adventure in hot rodding. That just proves you are never too old, or young for that matter to like hot rods. He paid \$1000.00 for the car with no engine and trans. When he first saw the car he thought it was ugly because it had been sitting for so long and had rust on it. He had to use his imagination to see what the finished product would be. A few fun facts about Studebaker, they started by building wheel barrels and cover wagons in the gold rush days. Their front end suspension is what GM used as a base for some of their Corvettes.

Ray wanted to do a complete frame off build of this car, so he along with his buddy Barry Lignon, removed and either rebuilt or replaced every part on this car. It went back together with a Mustang front clip. It has a Ford Maverick rear end and is powered by a GM crate 350/300HP engine

*...continued on page 5*

*...continued from page 1***American Legion Halloween Show**

The front wall of the hall was all but falling down and the windows were in terrible shape. Thank you to Old Fart Steve Johnson for all the electrical work he has done. If you have not seen the improvements made join us on the 2<sup>nd</sup> Tuesday of every month at 6:00pm for tacos and an Old Fart get together.

We still have a long way to go with the hall. Next will be a complete rebuild on the restrooms and to make them handicap accessible. Then we are going to have air conditioning installed. Both of these will be major projects that are going to be expensive. With everyone help we can make this possible. Let your friends, neighbors, relatives and business people know that we will accept donations all year long. They can be made out to, American Legion Post 79 Construction Fund, and mailed to Wayne's Engine Rebuilding Inc. 2200 Business Way Riverside CA 92501. You never know some people may have more money to donate to charity at different times of the year.

As far as the show, it was a success. We want to thank everyone who helped, and there were a lot of you, without everyone's support we could not do this. We have added a list of people and business's that bought trophy's and sponsored the event with donations.

A personal note, Manual & Susa Zamora and Henry & Janene Hemborg donated money for a trophy sponsorship and they did not get made. I dropped the ball and did not have them on our list. Also Rich Mehas had his name spelled wrong on all his trophy's. I felt terrible and offered their money back, buy being the great people that they are they told us it didn't matter and they didn't want the money back. They just wanted to help out. That's what makes the Old Farts such a great club. We put community and helping people first. I am proud to tell everyone that I am a member of the Old Farts and we are opening up a lot of eyes as to what we stand for.

A special thank you to Surfer Dave for always being there for us with his music and being our "MC", we love you Dave, you the best!!!!

Thank you,  
Mark G

along with a 700R trans. The original upholstery was done in a beautiful grey color at Quality Upholstery in Colton by Ernie Mangus, yes Ron's brother. The tilt steering column is from a Cadillac and the gauges were rebuilt by United Speedometer. The body was painted Indian Porsche Red and the car sports American Mag chrome rims. Cruising he gets 20 MPG. Ray wanted to build this car to be driven, and it has all over the country. He now has 300,000 miles on it.

The car made its maiden voyage on July 1<sup>st</sup> 1992, back to Ray's hometown of Durant Ok. His mother had been waiting to see it. He took her all around in his new ride and she loved it. His mother was 88 at the time. In 1997 there was a National Rally at the original Studebaker factory in South Bend Indiana. Ray got a second place award for modified cars. He was one of a few participants who drove there. The rest were trailered.

A Few years back Ray took the car up to the top of Pikes Peak, 14,110 feet high. They don't allow cars all the way to the top, but Ray wanted a picture so he had Margaret stand watch for him while he snuck up there. If you get a chance, sit down and talk to Ray about this beautiful car. He has some great stories and you will be entertained.

**Want to Be Car of the Issue?**

Email Mark Godfrey at [markg@oldfartsracingteam.us](mailto:markg@oldfartsracingteam.us) with a picture of the car and all the information needed to write about it. Make sure to include a phone number in case we have any questions. Remember we will probably get a lot submitted and we only put out 4 issues a year so be patient with us.

# Open House at TED's Rod Shop

Around the corner and down the block, old and new friends and customers crowded the parking lots of TED's Rod Shop for the 5th Annual Open House. The biggest crowd yet, enjoyed hamburgers, hot dogs, chips --and of course the Free Ice Cream-- as everyone inspected, examined and marveled at the auto art of Riverside and surrounding areas.

From shiny paint jobs to rusty metal; from muscle cars to bombers, the variety of cars offered something for every car enthusiast's taste.

This is the second Open House at TED's new location on 6990 Jurupa Ave. and was held just prior to the shop's expansion. To meet the increasing demand for TED's attention while maintaining TED's standards for excellence in custom auto work

in a timely manner, TED's is taking its business to the next level - expanding the shop area and adding two new craftsmen to the crew, each with vast experience in custom cars. Markie, owner and builder of the

"Purple People Eater", a 30's coupe with a blown and injected alcohol Pontiac engine; and Brad, an LA county certified welder with lots of fuel injection experience.

The crowd pleaser of the evening was Sean Rodgers' waist high rat rod.

As darkness set in, the rat rod took on new dimensions as its owner, Sean, showed off the rod's eerie red headlights and flame throwing exhaust pipes.

The raffle prizes offered something for everyone as well --from tools and the usual caps to free spa visits and advertizing thongs-- Yes, women's thong underwear! You can always expect the unusual and unique at TED's.

## Cruizin for the Cure 2013

The Cruizin for the Cure 2013 in Costa Mesa was fabulous, and so was the weather, on September 28, 2013. We had a small group show up, and we had plenty to eat, drink and see. This show is for prostate cancer awareness, so there were plenty of guys standing in line to have theirs checked. The show was sold out with a total of 3,500 cars.

The OFRT's that showed up were: Billy/Ester Nelson, Don Nelson, Dave/Mary Nelson, Ray/Margaret Carr, Lila/Earle Casteloes, Mary/Harry Alford, Rich/Karen Mehas, Bob Graham, and Dan/Patsy Welch. As the day went on, and we found ourselves shopping and vendor cruising, Lisa/Larry Wikert, Patsy/Mick Hammer, Tom/Jetta Miles and Yvonne/John Calvert showed up.

There were plenty of vendors both for the gals and the guys. Lots to see and do, along with several places to eat. But the best part was the socializing, drinking and shopping. We all had a great time, and will probably do it again. Maybe we can have a LARGER group show up, and make sure people know that the Old Farts Racing Team Car Club showed up.

# Day of the Dead Car Show

Rubidoux High School's Route 66 car club held its third annual "Day of the Dead" Car Show on Saturday, November 2nd at the Glen Avon Heritage Park in Jurupa Valley. The kids from the high school out did themselves with a record crowd and always unique trophies. More than 100 cars participated on a bright sunny

day with lots of raffle prizes, music and vendors. Only one food vendor made eating a challenge but we all survived.

Several Old Farts won awards including Billy Nelson, Penny Pichette, George Kilger for Best of Show - Custom, and Susan and Manual Zamora for Best of Show - Muscle Car (aka Penny Newman's Pick).

More than 40 Old Farts attended winning the trophy for the largest Car Club Participation beating out the Classic Tins, West Coast Customs, Lords, Auto Butchers, Cadillac Kings, Shifters, Poachers, and The 13 Saints.

All proceeds from the show go to scholarships for the Rubidoux High students.

## Old Farts Bio's

### Mike Sullivan Old Fart #1481

Mike was born in Alamogordo New Mexico in 1956. He graduated High School from Redlands High in 1974. Mike started J&M Silkscreen when he was 22 years old and is still operating it under the name JAM Sports Ware in Redlands. They specialize in custom silk screen shirts and apparel. Mike's girlfriend's name is Tracy. He has 3 kids, two of which work in the business. He also has 2 grandchildren. His ride is now his Harley Fat Boy since selling his 39 sedan deluxe and 29 Model "A". He is thinking about getting another hot rod soon. His favorite food is anything Mexican. Mike is always willing to help out the Old Farts with any fund raiser we have going. If you have any printed or embroidered needs just let him know you're a member of the Old Farts and he will take care of you.

### Paul Sullivan Old Fart #2344

Paul was born in 1933 in Cleveland Ohio. Yes he is Mike's dad and the newest member of the Old Farts. He was in the Air Force after school and when he got out he went to work at Lockheed. He retired from there. Paul is a total Ford guy. His wife's name is Jackie and he has 2 sons, 4 grandchildren and even 4 great grandkids. His favorite food is steak. Paul welcome to our club.

*Sorry, but I couldn't find any pictures of these guys because I have no idea what they look like.*

# American Legion Construction News

As you can tell the old American Legion is taking shape. Right after the car show, the floors in the hall were sanded and refinished. The floors came out beautiful. We will not be doing any work at the Legion until after the holidays. At that point we will be replacing 3 more windows and re working the west wall in the hall due to water damage. After that we will move onto the bathrooms in the hall. Even with tough times we were able to raise over \$11,000.00. Thanks to all of you that gave money, bought shirts, bought raffle tickets, and sponsored trophies.

Thanks again,  
Dave B. #182

# Beside the Endmill

## Hot flames, cool fridges 'n' due properes

By "Rotten" Rodney

Y'all know what this is? It's "writer's block" and I'm here to testify that the condition is real. Like a few other Gaseous Gazette staffers, I just received my looming deadline notice—like last time—and the time before that. And once again, I have nothing even close to prepared. Heck, I don't even 'member what we talked about last time! Let's revisit the May/June/July issue and see where we left off, shall we?

Oh yeah! Y'all 'member this from page three? Doreen is the lucky winner of a Painter Mike-customized kitchen appliance. How many of these really see kitchen duty? Customized refrigerators are generally found in garages. Over the years, Painter Mike has generously donated his time and talent to create these coveted prizes for Old Farts Reunions as well as Show 'n' Go. There's a good number of 'em out there now, and my good friend Louie just so happens to have one in his secret man cave at Budget Transmissions. While relaxing there afterhours one day last week I couldn't help admiring Mike's layout, smooth blends and mirror finish. Bein' a modern, energy-efficient model, Louie's fridge works well and despite the hot flames, what comes out is always cold.

As an artist's canvas, a brand new, undented refrigerator might require minimal disassembly and thoughtful masking, but they're easier to prepare than cars. And there is a connection as customized refrigerators have been a part of our car hobbies for years. A year or three ago, McPeak 'n' McEniry collaborated on a stunning late-model fridge for Show 'n' Go—as some o' y'all may recall. But let's dig deeper and examine the roots of fridge-rodding.

Souped-up refrigerators are nothing new. Uncle—uh, (it's

*...continued on page 13*

...continued from page 12

### Beside the Endmill

Grandpa now) Larry Wikert has a mighty fine '50s-vintage General Electric, complete with a functional keg-o-rator conversion and flames. But next time you're at Ed Martin Garage, check out the art gallery on the building's east wall. The prominent, pinstriped Crosley Shelvador door was a gift from Gormo years ago.

So where is this leading? Right about now, some o' y'all are thinkin' ol' Rotten's givin' too big a buildup for what's to come next, but maybe not this particular time. Let's dig a little deeper yet, and see.

Behold the Holy Grail of customized refrigerators! This, my flatulent friends is certified authentic—the real deal. This 1955 Crosley Shelvador is the very appliance that Von Dutch and friends kept stocked with—uh, beverages.

So, who's Von Dutch? If you ask someone who's wearing the trademarked flying eyeball on the street today, they'll likely tell you: "he's a California clothing designer." Inside the kustom kulture that he created, however, Kenneth Howard, AKA Von Dutch is perhaps best known as the originator of modern pinstrip-

ing. The decorative striping that once came standard from auto manufacturers' assembly lines had died by the late '30s—it was over. By the late '40s however, Von Dutch had picked up the brush. One line at a time, he began to revive the lost art, ultimately bringing it back to life in ways no one had ever imagined. Today, every dagger-dragger in the pinstiping profession owes something to Von Dutch—not Von Dutch the clothing designer, but Von Dutch the artist, the 'striper, the gunsmith, the machinist, the mad scientist, and genius. Even though it was never kept inside, the "Dutched" Crosley Shelvador was included

...continued on page 14

...continued from page 13

**Beside the Endmill**

with 'striper, Steve Kafka's purchase of the now-restored Von Dutch bus. As determined by appraisal, this ol' fridge is valued at \$46,000—and it just so happens to be available.

I'm here in Phoenix, by invitation to write a longer story that will likely pay squat, yet I'm richer for the experience. I never met the late Von Dutch, but I'm honored now to know his friends: Lyle Fisk, Butch Tucker, Steve Kafka and Dick O'dette who told me: "I put a lot of beer in that refrigerator. I took a lot of beer out of it too."

As y'all may imagine, touchin' this handle gives yours truly chills—and not just 'cause it's attached to a refrigerator either. Is this 1955 Crosley Shelvador responsible for the entire custom-painted, pinstriped refrigerator phenomenon? While it's a possibility, we don't know that for sure. What we do know for sure is; it's up to us to carry on.

## Deacon Guardrail

Gray hair- that's something that I didn't have an overabundance of back in '94 when Uncle Gormie signed me up to be an Old Fart. In '94 my driver's license listed my hair color as brown. Things change over the years and my driver's license now lists my hair color as gray. The Bible says that "The glory of young men is their strength, gray hair the splendor of the old" (Proverbs 21:29); so I guess its O.K. to be proud of my gray hair. I'm not using the word proud as in being boastful, but as in being honored. I'm proud (honored) that the Lord has allowed me to survive many adventures – some with guardrails involved – to live long enough to have gray hair!

I'm proud (again, honored) to be an Old Fart. As I was looking at the web site Drag Racing Online, I was pleasantly surprised to see a picture of an Old Farts Racing Team canopy under the heading of "Telling it like it is" (11/06/13) – I thought to myself – Hey, I'm a part of that!

Now, I know that you don't see a whole lot of me at Fart Functions and scheduling/geographical conflicts play into that, but I am proud (honored) to serve when called upon in a sort of Chaplain Capacity. I have been blessed to officiate at the weddings and funerals of some Old Farts; as the gray hair factor increases, the funerals seem to out-number the weddings and that's O.K. because I know that those people that have "gone on" before us are doing just great now. I know that the people that I'm referring to are doing just great because of their faith – not because of how "good" they were and they truly were good people, but because they realized that faith in Jesus – not good works is what saves us and that makes this gray-haired Old Fart not proud (boastful) but humbled.

Please feel free to contact me @ 951-317-0680 if I can be of service to you.

Deacon Guardrail

## Mustache Mikes Mumblings

WOW ! Where has 2013 gone? It seems like a couple of weeks ago we were at a Christmas party and it's almost time for another one. I guess the old saying is true that time flies when you're having fun. We just had the second rebuild the American Legion show and it was a big success. Fund raising shows are something we have always had a talent for. I have no idea how much money we have raised for projects and charity over the years.

Probably the most visible of these projects to date is Evergreen Cemetery. The shows we did there helped raise money to build a fence and put in an irrigation system. Being the oldest cemetery in Riverside the oldest section did not have perpetual care so it was not being taken care of. Now when you drive by it looks beautiful. Now I do need to say we did not do it by ourselves. There were several local groups putting on fund raising events and we were proud to be one of them.

Now we have moved on to rebuild the American Legion building at Fairmount Park. We have been associated with the American Legion almost as long we as have been around. We have held our reunion there every year since 1995. We also have our monthly meeting (taco Tuesday) in the legion hall. Any of you who have not been by to see the improvements should go by and check out how it's looking. It is really a good thing to be associated with people like the American Legion and work on projects like this one.

M.M.

## Misc. Stuff

When I suggested we use Ray's Studebaker for car of the issue, I didn't know he had 2. I wanted his '55 Presidential with a Chevy big block, tri-power carb and intake from a '67 427 corvette, a 200R4 transmission with 33%OD, and tall gears in the rear, it was made to cruise the highways.

**FART SLIPPERS** "break wind" as you walk. They're a gas! Present these sound-off slippers to any "fart"-u-nate old-timer and get ready for "explosive" laughter. One size fits all.

**E6557 Fart Slippers**

**\$14.98**

"Rotten" Rodney Suggests this from Page 67 of the current Harriet Carter catalog; comes this particularly appropriate holiday gift idea! Order anytime:

1-800-377-7878 or [www.harrietcarter.com](http://www.harrietcarter.com)

## More Misc. Stuff

### Would like your car to be Car of the Issue?

Email Mark Godfrey at [markg@oldfartsracingteam.us](mailto:markg@oldfartsracingteam.us) with a picture of the car and all the information needed to write about it. Make sure to include a phone number in case we have any questions. Remember we will probably get a lot submitted and we only put out 4 issues a year so be patient with us.

---

### Would you like to be a sponsor of the OFRT newsletter?

We could sure use a couple more sponsors to help pay for the yearly running costs of our website and newsletter. The cost is \$25 a year, and you get your business card in our newsletter, (4 issues a year) and it's also put in our discount directory in the preferred section.

---

I would like to spotlight Andrea Kaus for always taking the most amazing pictures of our events, she not only takes pics of our horsepower, but she has a great collection of horse photos too. you can check out all her photos anytime at [chaosgraphics.com](http://chaosgraphics.com). *Helpful Hint: I really enjoyed her collection by making the pics run a slideshow full screen, you can really see the details of all the great rides.*

---

**Thank You** to the crew that helps with the OFRT newsletter, without their hard work, this newsletter wouldn't happen. Mark Godfrey, Dave Bertino, Sharon Preston, Diane Olvera, Lila Bashim-Castelo, Willie Martin, "Rotten" Rodney Bauman, Mike Woodward, Andrea Kaus, Russell Utz, Steve Johnson, Denise Wasson-Martinez, Charyle Trujillo, and a few others that I just can't remember right now. G.W.

---

### Welcome To All New Old Farts !!

Welcome all new members to the Old Farts Racing Team! Our sole purpose is to have old fashioned drag racing fun. You do not need a car to have fun, come with someone who is participating, be a spectator, or build your own car. Gatherings are held on the second Tuesday of every month, at the American Legion Hall #79 at Fairmont Park in Riverside. We have no club officers. We have what we call "meetings", or bullshit sessions, for lack of a better term.

Old Farts Racing Team, PO Box 56041, Riverside, CA. 92507
