OLD FARTS CHRISTMAS PARTY

On Friday night, December 4, the Old farts held their annual Christmas party. It was held in the newly rebuilt hall at the American Legion Post 79 in Riverside. The Old Farts led by Dave Bertino have poured in 1000's of hours of work and endless dollars making this place one of Riverside's nicest halls to rent. We had it there because we were able to lower the cost to \$15.00 per person. The venue we were using was going to go up to \$30.00 per person. It seemed the lower price and new venue was welcomed by most! This year we had a theme 30's, 40's and 50's. A lot of people dressed up for those years. Next year we want to keep the same theme going so hopefully with

Old Farts Ride of the Issue

This 1975 corvette Stingray is owned by (Me) Gary Wiens, this is the first corvette I've ever owned, and I bought this from a local sheriff that didn't like to drive it. It has the stock 350 motor and th400 transmission and came with a factory accessory package which included full spoilers front and rear, and a unique gauge cluster displayed on the hood, plus a couple interior items. I didn't buy this car because of the drivetrain, I bought it just because it reminded me of the first sports cars I ever got to see as a kid, and I just love the swoopy curvy lines of it. And I've found that I like corvettes, a lot! I even went and bought a newer 2004 corvette. It has the LS1 with about 325hp, and it really scoots nicely, and I got it for a steal too.

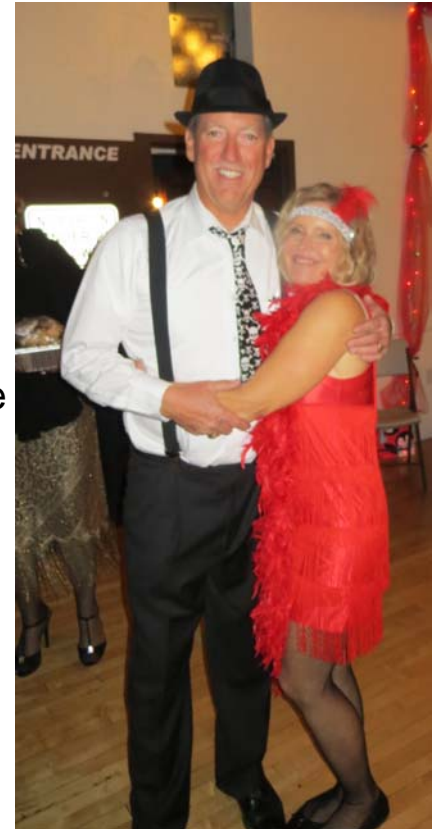

Gary W.

Old Fart's Christmas Party 2015

this early notice we can get a lot more Old Farts to dress up. It was really cool to here from some of the guests that got in their closets and dug out old clothes that they actually wore back then. Their faces lit up when they talked about it. Also to help keep the theme going was the Riverside Swing Ensemble, featuring Old Fart George Mazzacane. It was great seeing people up there dancing to the oldies. Hopefully by next year more people will go out, practice, and fill that dance floor up! Our 50/50 drawing was big again and was won by Mindy Bertino. A special thanks to the guys that always help out with those ticket sales and the girls counting the money. We had a lot of nice gift baskets and prizes as giveaways. The beautiful floral centerpieces were 1965 Ford Mustangs and it is always a secret how they will be given away. Seemed everyone wanted to take one home. This year's Charlie's Angels were Karen Mehas and Elizabeth Godfrey. Both of these gals will now be in the Grand Marshal parade at Show and Go. The food for the evening was awesome. We got Smokey Canyon BBQ in Canyon Crest to cater it for us. A big thank you to them for making us a special deal on dinner and then including our desert for free. Everyone seemed to love the food so we will definitely use them again. One idea that was mentioned was next year selling a whole table in advance. So if there are 8 people that want to sit together they can send their paper work all together and a table will be reserved for them. This was a great idea and if there are any other ideas people have let us know about them. Hope to see everyone dress up next year!!!!

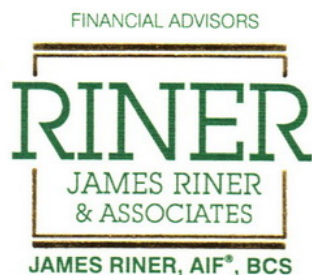

Mark G

4th Construction Show at the American Legion

Hi guys. This was the 4th Construction Show at the American Legion. I think our founders, Ron Speer and Dave Barnekow, would be very proud of what they started 20+ years ago. The OFRT has done a lot, from Re-Greening Evergreen Cemetery, the success of Show & Go and countless other shows, to rebuilding the American Legion. The building is 99% complete. We are currently working with the Parks & Rec. Department and the City of Riverside to repave and add onto the dirt parking area. There is this little thing called requirements, yes requirements, like keeping the storm water on the property for a certain period of time. I am currently working on a plan right now in hopes to possibly have a new parking lot by the end of 2016. If anyone has any connections to asphalt guys and soil engineers, please contact them and let me know. 75% of this project was done with volunteers, please remember our freedom came from our veterans and we just gave them a real nice place to have a coke or a beer dinner or a dance.

Thanks guys
#182 Dave B

Wasson's Toy Drive Car Show

Wasson's annual toy drive car show was held Sunday December 13. Weather was good we had a great turn out of cars and even better supply of toys under the tree than ever. Brad was grilling the hot dogs & burgers with Karen & Sharon helping serve. Mark & Matt ran the raffle table and Brian substituted for our surfir Dave on the tunes for the holidays! Lila helped by taking great care of the silent auction table with the help of Charlie P granddaughter, we had few special items on silent auction donated by Janice. In the afternoon Officer Travis Monks showed up and passed out sticker badges and coloring books to the kids! There was cash raised that purchased \$50 iTunes gift cards for the older kids that were on Officer Travis Monks list and toys. The end of the show came and we passed out the top 10 awards beautiful red festive trophies this year. I was invited by Officer Travis Monks to participate in the delivery of the toys on Monday December 21, I rode with him and was the DJ for the afternoon playing traditional Christmas music from my phone to the outside speaker as we drove through the streets giving toys to all the smiling faced kids lights and sirens going .. Steve was the camera man capturing all the great photos and smiles of the day's events. I want to personally thank all my team who helps me make this event successful and whose always there when I need them and thank you to all who

came and made the day special! Merry Christmas. Thanks, Dancy

Super Run in Henderson

Sept. 25-27 2015

We headed to Henderson on Thursday morning & met all the OFRTS at Peggy Sues Diner for breakfast.

The show began this year on Thursday afternoon in the parking lot of the Fiesta Hotel where our group of Old Farts stayed for the show. Afterwards we all had dinner at the Mexican restaurant in our hotel & then did some gambling.

Friday morning we were up early to get ready to head downtown to park for the day. We went in shifts to walk down the street to have breakfast at the Rainbow Room. They have a very good week day breakfast special for \$1.99 you get eggs, bacon, hash browns & toast, very good deal & good food. Friday was hot hot hot around 104* We had fans that helped a little, and would go to one of the Casinos to cool off & feed their slot machines! We all walked around looking at cars, bought ice cream to cool off! Most of the group stayed downtown & went to the Rainbow Room for dinner,

Henderson Super Run

they had a steak special that was very good.

Saturday was pretty much the same as Friday, parked downtown again.

Penny Newman had her puppies Cricket & Jiminie so when she took them back to the hotel Karen, Vickie, Carmel & I went with her & we all went to the show to cool off for a couple hours, saw The Intern, it was very good.

Phil & Mary Leatherman were there with their flame throwing car "Wild Thang" their demonstration sure drew a crowd, as usual!

Everyone went back to the Rainbow room for their Prime Rib special for dinner that night.

After we returned to the hotel, we cleaned up & went down to the casino to hang out for a while.

Sunday we went back downtown & in the afternoon they gave out the awards:

Our OFRTS won the award plus \$150. for club participant.

Bill Wasson won best of show & \$3,000 with his '55 Chevy.

Joe Ritter got people's choice & \$1,000. with his '70 Chevelle.

Leo Newman got Directors pick.

Duane Newman got Councilman's pick.

"Frog" Newman got Directors pick.

Rich Mehas, Jan Newman & Ron Howell won for " Outstanding Vehicle" top 30 awards.

That night before going to dinner, Denise had Karen, Vickie & I (Sharon) try a Lemon Drop Martini, very yummy!! We all had dinner at the buffet in our hotel.

Afterwards we went back to the bar for another Martini!!

We headed for home on Monday morning, of course the weather finally started to cool off.

Everyone had a good time & look forward to next year.

Sharon P.

Run to the Sun

Lake Havasu City
Oct. 20-24

The fun began on Tuesday, Cary & Kathy Barr hosted a "Taco Tuesday" at their newly remodeled house in Havasu. All of the Old Farts that arrived Tuesday attended.

We had a great time visiting with everyone especially Cary & Kathy & Frank & Lynda since their retirement & permanent residence in Havasu.

Dinner was very good, we all ate way too many tacos!

Wednesday morning everyone went to pick up their registrations, t-shirts & buy our stakes to reserve our parking spots on the golf course.

At noon we went to Rich & Karen Mehas's house for their annual kick off party.

There was a delicious buffet, including Karen's home made cookies!

They had the pool heated so most of us got in & enjoyed the afternoon swimming & drinking Karen's "sex on the beach" cocktails. The weather was beautiful in the high 80's & all at once in came the clouds & a crack of thunder, so out of the pool!!!

The rain didn't last very long, so the guys all dried off their hot rods & about the time they finished down came the rain again!

Thursday morning the guys met early at the golf course to line up & wait for the gates to open so they could go put their stakes out so we could all park together. Afterwards we all went to Uncle Kenneys for breakfast, then went to get in line for the poker run. None of us had a good poker hand unfortunately, so we went to Dairy Queen for ice cream!

Later that afternoon we all met up again & lined up to go park downtown on McCullough Blvd. for the evening. It seems like the whole town comes out to check out our cars, the weather was just beautiful. We parked in front of BJ's Bar & Grill & they had a great live band we could hear so several of us were line dancing on the sidewalk wearing our light up plastic head bands! We all

had a fun evening!

Friday morning we headed out to the golf course to park for the day, the guys got the easy-ups set up for shade since it was going to be a hot day. Then we all headed out to check out all of the vendors, it was a nice relaxing day.

That evening we went to a dinner at the club house that was provided by the show, it was very good.

Saturday morning the guys dropped their wives off at the Fashion Show the Relics & Rods have for the women, the theme this year was Marde Gras, so we all dressed up in different outfits that fit the theme, some of the girls decorated a wagon that even had battery operated blinking lights for Penny's two Yorkie puppies (that also wore costumes) to ride in. Christine carried her tiny Chihuahua puppy who was dressed up like a parrot.

We had the most votes & won first place & \$100.00 who whoo! So we went to the bar there & we all had a cocktail to celebrate.

We OFRT women also donated a basket for the raffle that was the Marde Gras theme, not to brag, but ours was the best one there, we all wanted to win it!

We returned to the golf course to tell our guys we won!! And to take pictures by our cars.

There were three OFRT award winners this year, Leo Newman, Ron Howell & Ford Phil Preston! The awards are handmade Indian Kachina dolls, that are all original, very nice.

Well, I guess I covered everything about the show, we are trying to get more OFRTS to go next year, we found out the theme for the Fashion Show will be Disney so we have to start planning for that! Lol

Sharon P.

My First Car Build

Parts have been slowly trickling back in and everything's slowly coming together. My frame, rear axle, springs, front and rear suspension, and valve covers came back from the powdercoaters, and everything looks awesome. I also received my new fuel and brake lines from Inlinetube.com, they are all formed and fit great, except for one that'll be going back because they sent the wrong year. I've found that it's really nice having a spare parts car, when I can't find that certain bolt, or can't remember how it went together, I just go to the spare car and get the piece. I also had to get a heater for those cold nights. Gary W.

Here's a place you should know.

Performance Powder Coating

Performance Powder Coating is in Apple Valley, CA. run by Jenelle Wouda (Old Fart #2356), They can do just about any size items, and they have more colors and combinations that you could even think of. They can coat anything from frames to rims to custom metal artwork.

Deacon Guardrail

“Well, it could have been worse.”

The above statement pretty much was the theme for my most recent cross-country Hot Rod trip. I began planning the trip a little over a year ago when I received word that a friend of mine – whom I had met at the NSRA Street Machine Nationals in Tulsa Oklahoma 39 years ago – was retiring from John Deere Tractor in Waterloo, Iowa after 49.8221 (his calculation) of work. My friend's wife had called to say that it would be neat if I could attend his retirement party and we figured that it would be great if we could keep it a secret (we did) and if I could drive the same Hot Rod that I was driving when I met him (my '55 Chevy). The trip started out well enough with the car performing excellently and the weather cooperating.

Then it happened. As I was travelling through Las Vegas, the poor ol' '55 just shut off – lost spark. Fortunately, I was able to coast over 4 lanes of traffic to an open off-ramp and down said off-ramp to an area that was out of traffic. “Well, it could have been worse”, I could have been stuck in the fast lane with a disabled car or it could have happened somewhere in Nebraska. I called AAA and requested a roll-back truck to retrieve my '55. As it is a very long distance from Las Vegas to my shop in Riverside, I was fortunate to have a friend in the towing business – “Well, it could have been worse”, towing can get awfully expensive. The AAA driver towed me to a somewhat secure parking lot with a restaurant so, I had a bite to eat (and some Lutheran lemonade) and proceeded to wait for my friend from Riverside to pick me up. On the way home I received a phone call from Pam where she told me that

she and her dad were broken down in Yucaipa. I told her to call AAA and to have the car towed home. "Well, it could have been worse", her little Studebaker – the Pamalark – was sitting in the garage feeling a little neglected and Pam really does enjoy driving it anyway.

After taking an unplanned detour down the 15 freeway (the tow truck driver and I were yabbering), we finally made it to my shop around 7PM. I transferred everything that I needed from the '55 to my truck and started on my way home. As I was travelling up Chrystal Springs Grade, I heard a funny noise and immediately lost power steering. I thought "I know what that is" (the truck seized a belt tensioner and pitched the belt) so I coasted into a gas station and once again called AAA. The AAA operator answered "Yes, I have your account right in front of me, Mr. Martin and we'll have a truck there in about 10 minutes". "Well, it could have been worse", this is the first time in over 200,000 miles that Poor Ol' Red has let me down and I still have a few "free" tows with AAA.

Other than the fact that I come from a long line of story tellers, why would I share the above account of my one day adventure with you? It's really quite simple. Before I left on my trip, we prayed for traveling mercies. Now, 40 years ago I might have said that God didn't answer my prayers. That just isn't the case! God did answer my prayers! He was merciful to me and continues to be. I came home physically unscathed and who knows what sort of calamities could have befallen me. God says in Isaiah 55:8-9 - For my thoughts are not your thoughts, neither are your ways my ways, declares the LORD.9 For as the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts. When we realize God's thoughts and ways are higher than our thoughts and ways and that He love us – enough to send his Son, Jesus Christ to pay the price for our sins – it's a lot easier to see His mercies every day and to realize – "Well, it could have been worse".

In His Grip,

D.G.

New Digs: Part Two

Breakin' ground for a bigger garage

By Rotten Rodney

It's almost funny how this works. No matter how spacious the garage, we always end up workin' outside of it. Welcome to our California dream shop, "Gopher Grove Garage." The structure itself is close to ten years old and it's exactly what we needed—back at that time. For the first while or two it was plenty big enough. Even after the larger pieces of equipment assumed their positions, we could still move around. Then one-by-one, as old car projects get scattered, the walls commence to closin' in, and eventually, sure enough, here we are workin' outside. At times like these inspiration is where we find it. In this particular instance, it's outside a perfectly good, but crowded garage. Would y'all care to have a look around inside?

Who remembers Guardrail Willie's '28 A roadster? It's been a while since it's been seen together in public. Shameful truth-be-told, the body parts are still here for poundin', paintin' and so on. Here in the body stall with a fresh coat of epoxy primer applied, it's ready for "metal-finishing compound"—that's what we call polyester filler these days.

This ongoing '55 Chevy half-ton shorty project is a customer job. What started out as a beat little truck will one-day drive away over-restored, better than new with attitude adjustments.

Our little Deuce tudor is a back-burner project. It might look rough here, but it's got a lot goin' for it and we've been-there-done-that before. Next time y'all see this one; it'll be mocked up, full-fendered and rollin'.

...continued on page 14

...continued from page 6

Deacon Guardrail

Here's Mrs. Rotten's pet project—her personal '47 Studie M5. It's been in the family for a very long time. Honest truth-be-told; it's a project I'd abandoned after high school. Long story short; it's a runner now and it should hit the street in the fairly near future. Nope, we won't be paintin' this one. They're only original once.

Oh my how time flies when we're havin' fun. With

minimal suspension travel for that oh-so-sneaky stance, our little '29 A tub has been bouncin' along on cranked-up coilovers for a solid 30 years now. It rides bumpy, like a creeper, so inevitably one day, somethin' would have to give. Well, somethin' did. In order to gain access to a broken frame, the body must come—off. That can't happen here. There's no room for another scattered project, so...

Welcome to Riverside Rodshoppe! That's the name that's on the table, but we're still open for suggestions. Obviously it ain't quite built yet, but in a nutshell we're goin' bigger, on-the-radar in a small-business-friendly neighborhood where body 'n' paintwork is not considered criminal activity. Here we can make all the noise, dust 'n' stink we want—and that right there's the plan.

At times like these inspiration is where we find it. In this particular instance, it's outside a perfectly good, but crowded garage. Would y'all care to have a look around inside?

Mustache Mikes Mumblings

I wanted to say a few words about my longtime friend and one of our founding fathers Ron Speer. I was friends with Ron for many years. Ron lived next door to a friend of mine in the early 1960s and that was where we met. Ron was a motorhead, probably from the day he was born. We were both in the Riverside Road Runners from the early to the mid 60s. Then for the next few years we were into the on/off road enduro type motorcycles. Back in the 50s, Ron was into Harleys. He often talked about the cool Harleys he had owned and the good times he had in the Riverside Bombers motorcycle club. Later we were doing the dune buggy thing. Our favorite place was Razor Road. We spent alot of time there playing with dirt bikes and dune buggies and anything else that amused us. Ron liked having alot of his friends around, and he was always up for a party. In the late 80s and early 90s Ron had some serious medical problems that slowed him down a bit, but after going into the hospital a couple of times for heart bypass surgery or what he called a tune-up he was up and going strong again. In 1994 Ron and longtime friend Dave Barnekow joined forces to form the Old Farts Racing Team. The OFRT was Ron's pride and joy and he hardly ever missed a function. Most of you probably remember Ron's T-Coupe. His son David is in the process of getting it up and running again and it should be out running around before too long. Now I don't want anyone to think this was an authorized biography. I just wanted to say a few words about one of the best friends a person could ever have.

Misc. Shows Stories

Reconstruct the American Legion Show - October

The car show and fund raising for the Reconstruct the American Legion show began very early for some of us. The setting up of all the canopies, tables and chairs was in full swing by 7:00am. The weather was perfect for a car show, Although we charged \$10.00 per car, all the monies goes towards the reconstruction and refurbishing of the American Legion. So much as has been completed, with just the parking lot to finish.

The fundraising began with raffle tickets, and reverse bingo. The raffle ticket money amounted to ??, and the reverse BINGO brought in \$250.00, with two cards being sold. With the help of Betty Volk, and myself, Lila, we were able to sell out 2 of the 4 cards I had made up. Since Earle was at home recovering from his 3rd and last round of chemo, I had a short window of time to sell the squares. I want to THANK YOU for all the help from Betty, and all of YOU who bought a square or two. Our winners were our own Dave Bertino and Cory Miller. Congratulations to both of you.

Lila

Our Annual OFRT Holiday Party 12/4/15

The evening began with lots of ooohhhs, and aaaahhhs to the decorations of the American Legion. The legion was chosen for our new venue, because all of us had worked so hard to bring it up-to-date, with new everything. It was beautiful. Lights in the red sheer drapes, strung across the room, with the disco ball in the center. The orchestra/jazz band, who's band member is one of our own, George Mezzacane, played some great music. Between jazz, some Christmas songs, and swing songs, the crowd was relaxed and feeling pretty good. Once we all greeted each other, and found a place to sit, the buffet line began by tables chosen by Dave Bertino. the food was from the BBQ restaurant in Canyon Crest, Riverside. It was delicious, and very filling. For dessert, there were cookies, and brownies.

Since there was a theme for this years party, for the first time, some gals/guys dressed up. Oh My Gosh!! What fun that was. There were some couples from

*...continued from page 17***Misc. Show Stories**

the 20's, 30's, 40's and 50's all dolled up, and ready to dance the night away. Plenty of pictures were taken by several of us, catching up with others that we hadn't seen in 6+ months, and having some laughs were had by the attendees. There were several gift baskets given away, and a 50/50 drawing that grew to \$1,600.00, which was won by Dave Bertino's daughter-in-law. The table centerpieces that graced our tables were given to the person who faced the front end of the FORD Mustang, which had beautiful carnations and mums. Thank you Elizabeth Godfrey, of Mission Florist, for donating ALL the centerpieces.

The committee who spearheaded this event, did a fabulous job. We want to THANK YOU for all your hard work, and time, effort, and planning.

For those of you who missed this fabulous, turn the clock back party, we will see you next year. We should have twice as much fun.

Lila

Wasson's Toys 4 Tots - today, 12/13/15

The day started out early for some of the car club members, and the crowd grew throughout the day. With the help of Janice Groesbeck, some of us girls decided to offer a silent auction. Janice donated all of the items. Several announcements were made, and we closed the bidding at 1:45pm. At this time, the rush began of bidders. We raised \$158.00, so that Denise Wasson-Martinez could buy more toys. The winners are as follows:

Yankee Candle Basket - Matt Godfrey

Vermont Teddy Bear dressed in pink (Collectable) - Tami Adams

OFRT Clock (the LAST ONE by Gormo) - Fred Adams

Giant Oversized Teddy Bear (Collectable)- Ruby, Charlie Pnoon's 6 year old granddaughter

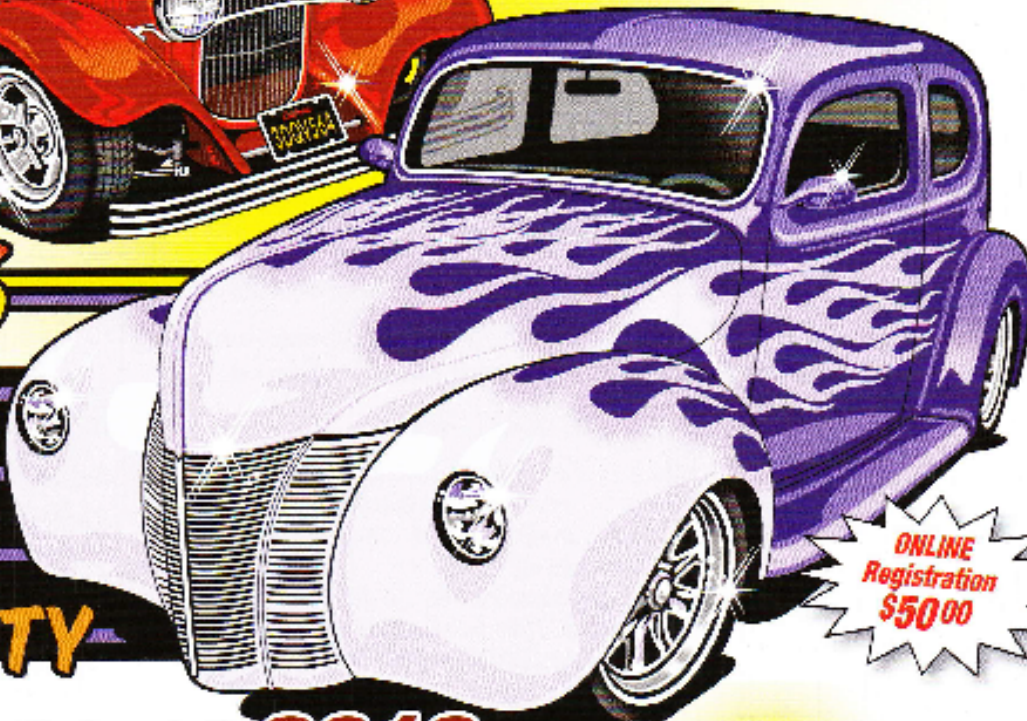

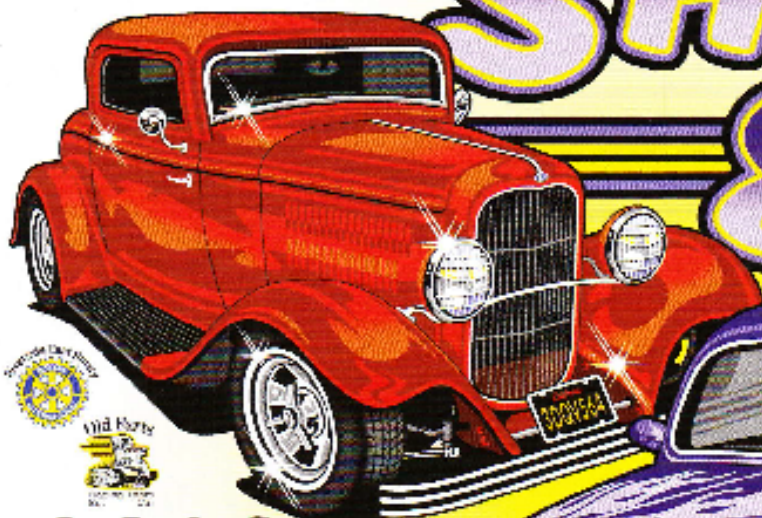

Mark Roberts Santa Wine Bottle Cover & Topper (Collectable) - Rich Mehas

I want to THANK each of YOU for taking the time to bid, making the event fun, and making it a success. I want to send a special THANK YOU to Ruby, for all her help.

Lila

Misc. Stuff

We are up to 2417 Members!!!

Would like your car to be considered for Car of the Issue?

Email us at contactus@oldfartsracingteam.us with a picture of the car and all the information needed to write about it. Make sure to include a phone number in case we have any questions. Remember we will probably get a lot submitted and we only put out 4 issues a year so be patient with us.

Would you like to be a sponsor of the OFRT newsletter? We could sure use a couple more sponsors to help pay for the yearly running costs of our website and newsletter. The cost is \$25 a year, and you get your business card in our newsletter, (4 issues a year) and it's also put in our discount directory in the preferred section.

I would like to spotlight Andrea Kaus for always taking the most amazing pictures of our events, she not only takes pics of our horsepower, but she has a great collection of horse photos too. you can check out all her photos anytime at cha-osgraphics.com. *Helpful Hint: I really enjoyed her collection by making the pics run a slideshow full screen, you can really see the details of all the great rides.*

Thank You to the crew that helps with the OFRT newsletter, without their hard work, this newsletter wouldn't happen. Mark Godfrey, Dave Bertino, Sharon Preston, Diane Olvera, Lila Bashim-Casteloës, Willie Martin, "Rotten" Rodney Bauman, Mike Woodward, Andrea Kaus, Russell Utz, Steve Johnson, Denise Wasson-Martinez, Charyle Trujillo, and a few others that I just can't remember right now. G.W.

Welcome To All New Old Farts !!

Welcome all new members to the Old Farts Racing Team! Our sole purpose is to have old fashioned drag racing fun. You do not need a car to have fun, come with someone who is participating, be a spectator, or build your own car. Gatherings are held on the second Tuesday of every month, at the American Legion Hall #79 at Fairmont Park in Riverside. We have no club officers. We have what we call "meetings", or bullshit sessions, for lack of a better term.

Old Farts Racing Team, PO Box 56041, Riverside, CA. 92507
